RELEVANT EXPERIENCE**

23

**EDUCATION**

Bachelor of Civil  
Engineering, Georgia  
Institute of Technology

M.S. in Civil Engineering,  
Georgia Institute of  
Technology

**CERTIFICATIONS**

Professional Engineer,  
State of Georgia, No.  
22586

Professional Engineer,  
State of North Carolina,  
No. 034234

**Qualifications Summary**

Mr. Reichert obtained a Bachelor of Civil Engineering and Master of Science in Civil Engineering from the Georgia Institute of Technology. Mr. Reichert has more than 23 years of experience in the planning, design, permitting and project management of large, master-planned residential developments, large industrial warehouse facilities, office complexes, retail shopping centers, military facilities, institutional facilities, aerospace facilities, entertainment and sports facilities and municipal infrastructure. Mr. Reichert has successfully managed and designed many high profile projects with challenging site constraints and deadlines. His approach focuses on team leadership, hard work, thorough planning and excellent communication.

With diverse experience in a number of different sectors, Mr. Reichert has extensive experience in all aspects of the civil engineering field including:

- Feasibility studies, site investigation and site selection
- Review and coordination of rezoning and annexation packages
- Land planning
- Site plan layout and geometric design
- Pavement design
- Pavement management services
- Mass grading
- Earthwork modeling and analysis
- Erosion control design and stormwater pollution prevention planning
- Water supply system design
- Sanitary sewer collection system design
- Sanitary sewer pump station design
- Storm sewer network design
- Stormwater management
- Stormwater detention and retention design
- Floodplain analysis
- Roadway and roadway corridor design
- Permitting through local, State and Federal agencies
- Construction cost estimating
- Bid phase services
- Construction administration
- Construction management oversight
- Post construction phase services
- Management of multidisciplinary engineering teams
- Plan review engineer services for government agencies
